Maintenance Service #2	
Op code	
Change engine oil and engine oil filter	
Multi-point inspection & vehicle report card †	
Check & adjust all fluid levels (lube where required)	
Rotate tires and check tire pressure	

Maintenance Service #3	
Op code	
Change engine oil and engine oil filter	
Multi-point inspection & vehicle report card †	
Check & adjust all fluid levels (lube where required)	
Rotate tires and check tire pressure	
Inspect battery (clean, tighten terminals if required)	
Replace cabin air filter	

Maintenance Service #4	
Op code	
Change engine oil and engine oil filter	
Multi-point inspection & vehicle report card †	
Check & adjust all fluid levels (lube where required)	
Rotate tires and check tire pressure	
Replace engine air filter	

Maintenance Service #5	
Op code	
Change engine oil and engine oil filter	
Multi-point inspection & vehicle report card †	
Check & adjust all fluid levels (lube where required)	
Rotate tires and check tire pressure	
Inspect battery (clean, tighten terminals if required)	
Replace cabin air filter	
Replace engine air filter	
Replace spark plugs *	
Replace transfer case fluid **	

Maintenance Service #A (not to exceed 240,000 km)	
Op code	
Replace front axle lubricant	
Replace rear axle lubricant	
Change automatic transmission fluid and filter	

Maintenance Service #C	
Op code	
Replace engine coolant	

Maintenance Service #D (every 3 years)	
Op code	
Change brake fluid	

Under no circumstances should oil change intervals exceed 16,000 km or 12 months, whichever comes first. Schedule based on special operating conditions. (For normal driving conditions - Not to exceed: * 160,000 km, ** 240,000 km) † Brake system may require servicing based on wear, damage, corrosion or operation including lubrication of caliper rails/pins. Additional cost may apply.
